

LAN CHEE KEONG

BANDAR KINRARA, PUCHONG

OBJECTIVE

Tech Lead and software developer with 5+ years of experience in frontend and full-stack development. Experienced in AI-assisted software delivery, PRD preparation, requirement analysis and translating business needs into practical technical solutions. Strong in React, Next.js and TypeScript, with hands-on experience using AI tools to accelerate development, debugging, documentation and problem-solving.

EXPERIENCE

Tech Lead • DES Digital Marketing Sdn Bhd | September 2025 – Present

Key Responsibilities:

- Lead frontend development for iGaming web platforms using React.js, Next.js and TypeScript, with a strong focus on responsive UI/UX, usability and performance.
- Liaise closely with Backend (BE) developers to integrate APIs, map response data and present dynamic content accurately across frontend components and user journeys.
- Maintain and enhance a shared frontend architecture with client-specific configurations and styling while ensuring reusable, scalable and maintainable components.
- Utilise AI tools such as ChatGPT, Cursor and OpenAI Codex for R&D, PRD/requirement analysis, solution exploration, coding, debugging and refactoring, while independently reviewing and validating the output.

Key Achievement: Studied the existing codebase and redesigned the frontend structure within one month using AI-assisted R&D. The new structure significantly improved site speed and user experience, enabling smoother page transitions without displaying skeleton loaders during navigation.

Technologies: React.js, Next.js, TypeScript, JavaScript, Tailwind CSS, Material-UI (MUI), HTML5, CSS3, REST API/JSON, Git/GitHub, Postman, Vercel, ChatGPT, Cursor, OpenAI Codex

Tech Lead • Inter Enterprise Solutions | April 2024 – August 2025

Senior Software Developer • Inter Enterprise Solutions | April 2023 – March 2024

Software Developer • Inter Enterprise Solutions | July 2021 – March 2023

Key Responsibilities:

- Developed, enhanced and supported enterprise applications based on Customer Requests (CR) and Support Request Forms (SRF).
- Translated stakeholder requirements into functional enhancements and production-ready features.
- Performed API integration, production troubleshooting and deployments across Local, UAT and Production environments.
- Supported full-stack development and system optimisation using ColdFusion, HTML, CSS, JavaScript, Bootstrap, jQuery and Chart.js.

Key Achievements:

- Led and contributed to ARMS, ACXMS (RiXiR) and FleetMRO, supporting automotive sales, inventory, service, customer experience and fleet maintenance operations.
- Integrated Telegram Bot API for automated alerts and system notifications.
- Built responsive dashboards and interfaces using Bootstrap, Chart.js, AJAX and DataTables.
- Installed and configured ColdFusion and database services via SSH on AWS Linux virtual machines, and implemented Glances for server resource monitoring.

Projects: WHUC (Wing Hin Used Car), Mitsubishi Motors Malaysia (MMM), Hino Motor Malaysia (HINO), Tokio Marine Insurance (TMI)

Technologies: ColdFusion, JavaScript, HTML/CSS, Bootstrap, jQuery, AJAX, DataTables, Chart.js, REST API/JSON, PostgreSQL, Oracle, Firebird, AWS Linux/SSH

SKILLS

AI-Assisted Development
PRD & Requirement Analysis
ChatGPT / OpenAI Codex
Cursor
React.js
Next.js
TypeScript
JavaScript
Tailwind CSS
Material-UI (MUI)
HTML / CSS
REST API / JSON
Node.js
Git / GitHub
Postman
Vercel
ColdFusion
Bootstrap
jQuery / AJAX
DataTables / Chart.js
PostgreSQL / Oracle / Firebird
AWS Linux / SSH

Earlier Experience

Bone Setting Therapist • Wah Toh Tit Tar | January 2017 – December 2017
Barista • Starbucks | December 2015 – December 2016

EDUCATION

SBIT TRAINING ACADEMY (May 2018 – May 2021)

Professional Diploma in Software Engineering

SEKOLAH MENENGAH KEBANGSAAN SEKSYEN 4 (2011 – 2015)

Sijil Pelajaran Malaysia (SPM)

EMPLOYMENT REFERENCE

INTER ENTERPRISE SOLUTIONS

Chee Weng Fai
Head Of Division
014 – 904 3935
